Notes:

- There are 30 pages including this page. Please check and make sure that there are no missing pages.
- The exam consists of 23 multiple choice questions and one question requiring a written response.
- For the multiple choice questions, give your answers on the separate Scantron answer sheet using pencil.
- If you make a mistake on the Scantron sheet, make sure you erase it. If two answers are selected for any question, the question will be graded as an incorrect answer.
- Also on the Scantron sheet, write in your name and student number where required and fill in the corresponding bubbles below.
- Each multiple choice question is worth 2 marks. There are no penalties (negative marks) for wrong answers. A blank response on a multiple choice question receives 0.4 marks.
- The final question, requiring a written response, is worth 4 marks.
- Total marks: 50
